

Study Guide - Chapter 4 Test

1. Structure of an atom -5 labels, refer to the drawing in science notebook
protons, neutrons, electrons, and the nucleus.

Understand what part of the atom most of the mass comes from.

2. Who is Mendeleev?

3. Organization of the Periodic table

a. Periods

b. Groups/families

c. Chemical symbol, atomic number, atomic mass

4. Properties of metals

5. Properties of nonmetals, semimetals, inert gases

6. Isotopes

7. Alkali metals

8. Radioactive tracers

9. Synthesized elements
